

CFITS LECTURE SERIES

Wednesday Lecture and Network Forum

November 15, 2017 from 2:30 p.m. to 4:00 p.m.

University of South Alabama, Shelby Hall, Room 2121

Instructor: Joshua Barton

Topic: Cyber Security

DIGITAL FORENSICS INFORMATION INTELLIGENCE RESEARCH GROUP

Wednesday from 5:15 p.m. to 6:00
p.m. at Shelby Hall in room 2121.

Upcoming dates:

11/01/17, 11/08/17, 11/15/17,
11/22/17, 11/29/17

SOFTWARE PROTECTION AND EXPLOITATION RESEARCH GROUP (SPERG)

<http://soc.southalabama.edu/sperg/>

Friday from 10:00 a.m. to 11:00 a.m.
at Shelby Hall in room 2327.

Upcoming dates:

11/03/17, 11/10/17, 11/17/17,
11/24/17,

CYBERSECURITY DAY

Thursday, November 30 2017

PARTNER SCHOOL PROGRAM

The website is now open for
scheduling for the 2017-2018
academic year. For assistance, call
Keith Lynn at 251-460-7643.

WE NEED VOLUNTEERS,
CONTACT LES AT 251-461-1601

Quote of the Month

**“For most people on
Earth, the digital
revolution hasn’t
even started yet.
Within the next 10
years, all that will
change. Let’s get the
whole world cod-
ing.”**

—Eric Schmidt

CYBER SECURITY

Joshua Barton
Cybersecurity Manager,
Huntington Ingalls
Industries, Inc.

Mr. Barton started his career working in K12 education and only later transitioned to his role as a major defense contractor. He remains involved with contract work in K12 education. Previously employed by Northrop Grumman, he stayed on with Ingalls following its spinoff from Northrop. After a brief stint at Parsons Corporation he returned to Huntington Ingalls as the CIO for Ingalls Shipbuilding in Pascagoula.

Mr. Barton has an extensive background in networking technologies, and experience with all the major vendors’ products (as well as practical experience in Microsoft Windows and Apple based products.) He possesses a deep understanding of computer security, from the nuts and bolts of systems to the ramifications of failure. Mr. Barton says, “In 27 years of experience, I have not just touched on a lot of things, but have gotten very in depth and remain entrenched in a plethora of technologies from Active Directory to Zigbee Wireless.” He has worn many hats including roles as chief integrator, IT outsourcing, transition architect, Cybersecurity Manager, and master troubleshooter. Increasingly he deals with non-technical concerns such as legal, government, and contracting issues. His current hobby is animated Christmas lighting.

CURRENT NEWS

NOVEMBER 2017

ALUMNI PROFILE

Rahul Bandaru is from India and moved to the United States to pursue his Master's degree in Computer and Information Science from the USA School of Computing. He graduated from USA in May, 2011. He is currently working in a utility company based in Kansas City which provides electricity to 800,000 customers in the states of Missouri and Kansas. Mr. Bandaru started as a contractor for the company working as an Integration Programmer and helped in the integration of several critical applications across the company. Impressed with his work he was offered a permanent position and has been directly employed by the company for about 2 years now. He attributes all of his success to the great faculty at the USA School of Computing. He will always consider Mobile as his home town in the United States. He is an ardent cricket fan and continues watching and playing the sport wherever he goes .

UPCOMING EVENTS:

Leadership in Computing Day at Shelby Hall

Date and Location: November 8, 2017 at Shelby Hall

Time: 9:30 a.m. – 1:00 p.m.

All are welcome! For more information, please contact the School of Computing at 251-460-6390

Call Les Barnett in the *School of Computing* at 461-1601 for more information on volunteering.
